Archive Pulls

This document is a simplified overview of selected archive pieces available for editorial, creative, and stylist pulls.

As our website is now updated regularly, most past collections are no longer displayed in the on-line shop. This archive has been created to make browsing previous pieces easier.

If you have a specific piece in mind, please get in touch and we’ll be happy to confirm its current availability for your project.

About this Archive

Each entry includes a lookbook image, a flat image of the garment, its name, and a brief description.

Some pieces may be marked as Complex Garment. These require more careful handling and are available at an individual rental rate due to their construction and value.

Our standard stylist pull fee is CAD \$100 for 1–4 ready-to-wear garments, plus shipping (covered by the stylist). Each additional ready-to-wear piece beyond the first four is CAD \$20.

This archive is updated regularly, with new pieces added over time. Availability of all garments is subject to confirmation at the time of your request.
